JULY 2017

GLASS PANEL FOR 3D PRINTER (215 X 215 X 3 MM)

ORDER CODE: GP8200

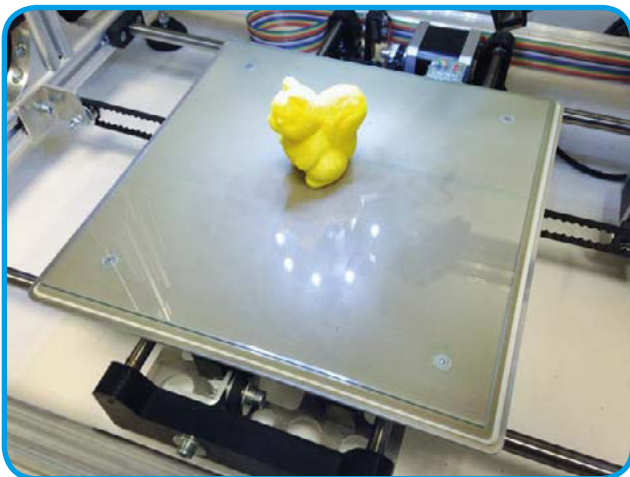

Use this glass panel to equip your 3D printer and ensure a quality 3D print. Perfectly compatible with our K8200 3D printer!

FEATURES

- ensures a perfectly flat and level bed
- smoother finish of bottom layer
- tempered glass: less likely to shatter than ordinary window glass or mirrors

SPECIFICATIONS

- material: clear tempered glass
- thickness: 3mm / 0.12"
- size: 215 x 215 mm / 8.46 x 8.46"

Use a 3D printed clip to fix the glass plate onto your K8200 bed. Find the .stl file on k8200.eu!
